Chennai, TN 600094

Phone: 755/014-0400
E-mail: akhil.krishnamoorthy@sjsu.edu
Plan: Software Engineering

Dear Akhil,

Welcome to the San José State University community!

According to our records, you registered for a graduate orientation session on **Thursday, August 16, 2018, 10:00 AM**. A message with specific details and instructions for your orientation session will be posted to your MySJSU account approximately one to two weeks before the program. This message will include detailed information about the day's agenda, parking, and registration. In addition, once you have paid your orientation fee, please check your MySJSU account for weekly updates, questionnaires, news, campus happenings, and important videos for you to watch prior to your arrival on campus.

Although the Graduate Student Orientation will not cover program-specific requirements, this university orientation will cover graduate school practices and procedures that are important to your success as a graduate student. Your academic program may hold its own orientation to discuss program-specific information during a different time.

If you are an F1 visa holder and cannot attend the orientation, please report to the International Student and Scholar Services (ISSS) office or contact **international-office@sjsu.edu** for assistance with making a separate appointment for your visa check-in.

Payment for this event is \$35.00 USD. You must pay for this event by July 15, 2018 or your reservation will be canceled. No payments will be accepted at the Graduate Orientation event.

Please print out a copy of this reservation and bring it with you to the orientation session. You will need it to check-in on the day of the event. If you have questions about orientation **only**, you may contact graduate-studies@sjsu.edu. This confirmation becomes void after July 15, 2018 if your orientation fee has not been paid by July 15, 2018.

This event is wheelchair accessible. Individuals needing Sign-Language Interpreters, escorts, Real-time captioners, or other accommodations should call 408.924.2485 as soon as possible. Graduate and Undergraduate Programs will contact you regarding specific dietary restrictions two weeks before the event. We will be serving both vegetarian and nonvegetarian meals.
